Incursion

The Little Builder's Workshop is a fun, hands-on program designed for children. Through exciting building activities, children are introduced to simple woodworking skills while learning how to use tools safely and confidently. The workshop also helps develop spatial awareness, shape recognition, problem-solving, creativity and an understanding of different materials and elements. Most importantly, children get to learn by doing, building confidence as they create. Every child will take home their very own marble maze creation to enjoy and share! Starts at 10.00am.
